Merit Badge Workbook

This workbook can help you but you still need to read the merit badge pamphlet.

This Workbook can help you organize your thoughts as you prepare to meet with your merit badge counselor. You still must satisfy your counselor that you can demonstrate each skill and have learned the information. You should use the work space provided for each requirement to keep track of which requirements have been completed, and to make notes for discussing the item with your counselor, not for providing full and complete answers.

If a requirement says that you must take an action using words such as "discuss", "show",

"tell", "explain", "demonstrate", "identify", etc, that is what you must do.

Merit Badge Counselors may not require the use of this or any similar workbooks.

NOTE TO USERS: The wording of requirements 6 and 8 in the 2015 Boy Scout Requirements booklet differs from the wording of those requirements in the current Personal Fitness merit badge pamphlet. The pamphlet also contains new requirements for the Aerobic Fitness, Flexibility, and Strength Tests and a "Body Composition Evaluation" which replaced the former "Body Composition Test".

The details of those tests, which are referenced in requirements 6 and 8, no longer appear in the Boy Scout Requirements booklet. Since the details of the tests are integral to the requirements, this workbook uses the wording of requirements 6 and 8 from the merit badge pamphlet, in lieu of the wording in the booklet.

When working on merit badges, Scouts and Scouters should be aware of some vital information in the current edition of the Guide to Advancement (BSA publication 33088). Important excerpts from that publication can be downloaded from http://usscouts.org/advance/docs/GTA-Excerpts-meritbadges.pdf.

You can download a complete copy of the Guide to Advancement from http://www.scouting.org/filestore/pdf/33088.pdf.
